Prepared by the Office of the Chief Clerk
General Provisions and Exemptions Relating to Joint Rule 61 Deadlines

1. Bills acted upon by a committee deadline for which amendments are recommended have two legislative days after that deadline during which they may be reported (J.R. 61(c)).
 2. Rules Committees are exempt from these deadlines (J.R. 61(f)).
 3. Bills which are referred to an Assembly committee (pursuant to J.R. 26.5 or A.R. 77.2) are exempt from these deadlines (see also J.R. 61(g), J.R. 61(h)).
 4. Bills related to the budget under subdivision (e) of Section 12 of Article IV of the California Constitution are exempt from these deadlines (J.R. 61(i)).
 5. A policy committee or fiscal committee may meet for the purpose of hearing and reporting a constitutional amendment, or a bill which would go into immediate effect pursuant to Section 8 of Article IV of the California Constitution, at any time other than those periods when no committee may meet for any purpose (J.R. 61(i)).
 6. Joint and Concurrent Resolutions are exempt from these deadlines (J.R. 6).

A.B. No. 316—Aguiar-Curry et al.
An act relating to vehicles.

2023

Sep. 20—Enrolled and presented to the Governor at 4 p.m.
Sep. 22—Vetoed by Governor.

2024

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 316 without my signature.

Among its provisions, this bill would ban driverless testing and operations of heavy-duty autonomous vehicles.

Assembly Bill 316 is unnecessary for the regulation and oversight of heavy-duty autonomous vehicle technology in California, as existing law provides sufficient authority to create the appropriate regulatory framework.

In 2012, the California Legislature provided the Department of Motor Vehicles (DMV) with the authority to regulate the testing and deployment of autonomous vehicles on public roads in California. As part of its oversight and regulatory responsibilities, DMV consults with the California Highway Patrol, the National Highway Traffic Safety Administration, and others with relevant expertise to determine the regulations necessary for the safe operation of autonomous vehicles on public roads.

DMV continuously monitors the testing and operations of autonomous vehicles on California roads and has the authority to suspend or revoke permits as necessary to protect the public's safety.

Autonomous vehicle technology is evolving and DMV remains committed to keeping our rules up to date to reflect its continued development in California. DMV held public workshops with interested stakeholders earlier this year to inform the development of future rulemakings for both light-duty and heavy-duty autonomous vehicles. This rulemaking will be a transparent, public process where subject matter experts and other stakeholders will have the opportunity to shape the regulations related to the safe operations of autonomous vehicles in California. The draft regulations are expected to be released for

public comment in the coming months.

In addition to safety, my Administration has long been concerned with the impact of technology on the future of work - so much so that in 2019 we convened, with participation from a variety of organized labor leaders including the Teamsters, UFCW, and SEIU, a robust Future of Work Task Force. That effort led to the publication of a report that guides our work on issues of emerging technology and its impacts on California's workforce.

But our efforts don't end there. I am committed to incentivizing career pathways and training for the necessary workforce specifically associated with this technology. As such, I am directing the Labor and Workforce Development Agency to lead a stakeholder process next year to review and develop recommendations to mitigate the potential employment impact of testing and deployment of autonomous heavy-duty vehicles.

Considering the longstanding commitment of my Administration to addressing the present and future challenges for work and workers in California, and the existing regulatory framework that presently and sufficiently governs this particular technology, this bill is not needed at this time. For these reasons, I cannot sign this bill.

My Administration remains open to working with the author, sponsors, and other stakeholders on the right approach to safely test and deploy this evolving technology in California, while also addressing and mitigating any potential impacts to jobs.

Sincerely,

Gavin Newsom

2024

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 620 without my signature.

This bill would require health plans to cover formulas that are part of a medically necessary diet for the treatment of chronic digestive diseases and inherited metabolic disorders.

While I support individuals with these conditions having access to the nutritional support they may need, I am concerned this bill would exceed the state's set of essential health benefits, which are established by the state's benchmark plan under the provisions of the federal Affordable Care Act (ACA). As such, this bill's mandate would require the state to defray the costs of coverage in Covered California. This would not only increase ongoing state General Fund costs, but it would set a new precedent by adding requirements that exceed the benchmark plan. A pattern of new coverage mandate bills like this could open the state to millions to billions of dollars in new costs to cover services relating to other health conditions. This creates uncertainty for our healthcare system's affordability.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 632 without my signature.

This bill would prohibit a health plan contract or insurance policy that is amended, renewed, or delivered on or after January 1, 2024, from applying a deductible, copayment, or coinsurance for prostate cancer screening services for an enrollee who is at a heightened risk of prostate cancer.

According to the California Health Benefits Review Program, approximately 97% of enrollees currently have coverage for prostate cancer screening without cost sharing and the remaining 3% pay an estimated \$10 per screening. While the author's intent to increase prostate cancer screenings is commendable, this bill exceeds the cost sharing provisions under the Affordable Care Act (ACA). As such, this bill would result in increased costs to consumers through higher premiums. The State must weigh the potential benefits of all new mandates with the comprehensive costs to the entire delivery system.

For these reasons, I cannot sign this bill.

Gavin Newsom

To the Members of the California State Assembly:

I am returning Assembly Bill 907 without my signature.

This bill would require health plans to cover specific prophylaxis, diagnosis, and treatment of Pediatric Autoimmune Neuropsychiatric Disorder Associated with Streptococcal Infections (PANDAS) and Pediatric Acute-onset Neuropsychiatric Syndrome (PANS) with limited cost sharing.

While I support the author’s goal of ensuring that children with PANS and PANDAS receive the treatment they need in a timely manner, this bill creates a disease-specific mandate and contains provisions that would be duplicative of existing laws for timely access standards and grievance processes through the Department of Managed Health Care and Department of Insurance. Further, this bill removes the medical necessity requirement, which is a standard condition for health plans in determining coverage of specific services.

For these reasons, I cannot sign this bill.

To the Members of the California State Assembly:

I am returning Assembly Bill 20 without my signature.

This bill would expand the circumstances in which a child or a nonminor dependent may petition the juvenile dependency court for reinstatement of parental rights and revise provisions of law pertaining to post-adoption sibling contact.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

With our state facing continuing economic risk and revenue uncertainty, it is important to remain disciplined when considering bills with significant fiscal implications, such as this measure.

For this reason, I cannot sign this bill.

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly

I am returning Assembly Bill 404 without my signature.

This bill requires the California Department of Food and Agriculture (CDFA), upon appropriation, to evaluate duplicative reporting requirements that affect certified organic grower operations, and to submit a report to the Legislature on its findings.

While I support the author's goal to reduce regulatory burdens on certified organic operations, this bill is duplicative of existing efforts. CDFA, in collaboration with the California Environmental Protection Agency and State Water Resources Control Board, is currently conducting a project to evaluate reporting requirements on agricultural producers as part of an effort to streamline the administrative processes and optimize information collected by the state. Additionally, the 2023 Budget included resources to continue CDFA's efforts to streamline licensing, permitting, certification, and registration processes to further reduce the burden of regulatory compliance. The evaluation and reporting required by this bill, however, were not accounted for in the annual budget process and would thus result in additional cost pressures on the General Fund.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

With our state facing continuing economic risk and revenue uncertainty, it is important to remain disciplined when considering bills with significant fiscal implications, such as this measure.

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 376 without my signature.

This bill would establish a pilot program available until January 1, 2028, for the purpose of expanding Cal Grant C eligibility to students participating in entry-level truck driving programs that meet specific requirements. This bill also requires the California Student Aid Commission, in consultation with the Bureau for Private Postsecondary Education, to submit a report to the Legislature, by April 1, 2027, about the pilot program.

I thank the author for his commitment to address the driver shortage in the trucking industry. However, this bill results in significant General Fund cost pressures and staff workload that are not currently part of the state's fiscal plan and are more appropriately addressed in the annual budget process.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

With our state facing continuing economic risk and revenue uncertainty, it is important to remain disciplined when considering bills with significant fiscal implications, such as this measure.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

A.B. No. 748—Villapudua et al.
An act relating to vessels.

2023

Sep. 18—Enrolled and presented to the Governor at 3:30 p.m.
Oct. 8—Vetoed by Governor.

2024

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 748 without my signature.

This bill would establish the California Abandoned and Derelict Commercial Vessel Program and a multi-agency task force to identify, prioritize, and fund the removal of abandoned and derelict commercial vessels across the state.

While I support the author's attempt to create a statewide approach to address abandoned and derelict commercial vessels in California that pose significant public health, safety, and environmental risks, this program was not accounted for in the 2023 Budget Act. Implementation across the relevant agencies is expected to cost about \$7.5 million in year 1 with ongoing General Fund impacts.

In partnership with the Legislature, we enacted a budget that closed a shortfall of more than \$30 billion through balanced solutions that avoided deep program cuts and protected education, health care, climate, public safety, and social service programs that are relied on by millions of Californians. This year, however, the Legislature sent me bills outside of this budget process that, if all enacted, would add nearly \$19 billion of unaccounted costs in the budget, of which \$11 billion would be ongoing.

Gavin Newsom

A.B. No. 1202—Lackey et al.
An act relating to Medi-Cal.

2023

Sep. 21—Enrolled and presented to the Governor at 3:30 p.m.
Oct. 8—Vetoed by Governor.

2024

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 1202 without my signature.

This bill would require the Department of Health Care Services (DHCS) to prepare a public report including information on each Medi-Cal managed care plan's network adequacy of pediatric primary care, data on beneficiaries, and reporting on DHCS' efforts to improve access.

I am a proponent of transparency; however, this bill's data collection and reporting requirements are largely duplicative of existing efforts. DHCS currently publicly reports on managed care and fee for service adequacy. Each year, DHCS also publishes a Health Disparities Report. Further, DHCS is currently developing the CalAIM dashboard, which will include additional data that aligns with what this bill calls for. The existing data that is available should be evaluated and leveraged before adding new administrative requirements.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

A.B. No. 1435—Lackey.

An act relating to the Department of the California Highway Patrol.

2023

Sep. 21—Enrolled and presented to the Governor at 3:30 p.m.

Oct. 8—Vetoed by Governor.

2024

Jan. 3—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 1435 without my signature.

This bill would, until January 1, 2027, raise the maximum age of a person who may qualify for appointment to the position of entry level peace officer in the California Highway Patrol (CHP) from 35 to 40 years.

While I appreciate that this bill is intended to help with the recruitment of CHP officers, this bill is not needed at this time. CHP has already taken steps to increase its number of applicants and cadets. As a result of current efforts, CHP is on track to double the number of cadets attending its academy this year compared to last year.

For this reason, I cannot sign this bill.

I am, however, directing CHP to evaluate raising the maximum age for appointment to an entry-level peace officer position at CHP, and whether such a policy could enhance the effectiveness of their recruitment efforts. If they determine that increasing the maximum age would be beneficial to the CHP, my Administration will work with the legislature to advance legislation.

Sincerely,

Gavin Newsom
