

CALIFORNIA STATE ASSEMBLY

Select Committee on Intellectual and Developmental Disabilities

The Select Committee on Intellectual and Developmental Disabilities is a platform to have your voice heard if you or a loved one needs or receives I/DD services.

The Committee invites you to a

HEARING & LISTENING SESSION

Wednesday, Oct. 24, 2018 5:30-7:30 p.m.

Concord City Council Chambers

1950 Parkside Drive

With the closure of the Developmental Centers and the state moving away from institutional living, it is imperative that the Legislature pay close attention to how I/DD individuals are being served in their communities and by the state.

For more information, call the Assembly Select Committee on Intellectual and Developmental Disabilities at (916) 319-2011

The Hearing is a listening session, and is free and open to the public. If you are a member of the I/DD community, this is your chance to talk directly to members of the Legislature about your needs, your experiences with the Regional Centers and anything else you think state lawmakers should know.

REGIONAL CENTER SURVEY

If you or a loved one is a client of one of California's 21 Regional Centers, here is your chance to tell us how they are doing. Please complete our survey at:
