BE INFORMED. STAY INFORMED.

THESE SITES PROVIDE OFFICIAL CORONA VIRUS UPDATES

California is actively working with the White House, Centers for Disease Control and Prevention (CDC), local governments, health facilities, and health care providers across the state to prepare and protect Californians from COVID-19.

As news begins to unfold about the Corona Virus – COVID-19 pandemic, it's important that each and every one of us become informed and stay informed from reliable and trusted websites.

While the media plays an important and helpful role, they are not the source of data. With the spread of information on social media, it's critical that we only share credible information about the resources available. In addition to the websites provided below, we encourage you to follow these federal, state and county agencies on twitter if you can do so.
