AB 1626 as amended in Senate June 11, 2026
(Pursuant to Joint Rule 26.5)

AB 1626, as it passed the Assembly, required specified trainings for coaches in noninterscholastic athletic programs at school districts, county offices of education, and charter schools and coaches in high school interscholastic athletic programs to cover specified mental health- related topics, including, among other topics, substantive awareness of behavioral and mental health challenges specific to pupil athletes, as specified.

The Senate amendments delete a duplicative mental health-related training topic regarding awareness of behavioral and mental health challenges specific to pupil athletes.

AB 1579 as amended in Senate July 2, 2026

(Pursuant to Joint Rule 26.5)

AB 1579, as it passed the Assembly, authorized an entity participating in the Children's Crisis Continuum Pilot Program that does not have a crisis residential program to satisfy the requirement to have that program by having a comparable residential treatment component designed to serve children and youth experiencing the highest level of acute behavioral health needs. The Assembly version also authorized the State Department of Social Services, upon the request of a participating entity, to extend the term of a grant agreement, as specified.

The Senate amendments delete the above-described provisions and, instead, ratify an amendment to the tribal-state gaming compact between the State of California and the Yuhaaviatam of San Manuel Nation executed on June 23, 2026, provide that certain actions related to that amended compact are not projects for purposes of the California Environmental Quality Act, and declare that the bill is to take effect immediately as an urgency statute.

Legislative Counsel's Digest

AB 1684 as amended in Senate August 6, 2026

(Pursuant to Joint Rule 26.5)

AB 1684, as it passed the Assembly, amended the Davis-Stirling Common Interest Development Act to, among other things, prohibit the managing association of a common interest development from prohibiting or restricting its members from installing, upgrading, replacing, or using a cooling system within their separate interest and made any provision of a common interest development's governing documents, architectural guidelines, or policies void and unenforceable if the provision prohibits or restricts the installation, upgrade, replacement, or use of a cooling system if the system complies with all applicable state and local building codes.

The Senate amendments remove "policies" from this prohibition, to instead make a provision of either the governing documents or architectural guidelines void and unenforceable if the provision prohibits or restricts the installation, upgrade, replacement, or use of those cooling systems.

AB 1684, as it passed the Assembly, established specified exceptions to this prohibition, including if a permit from a designated permitting authority is required and that permit is not granted.

The Senate amendments define "permit" for these purposes to include any electrical, building, or other permit required by law for work associated with the cooling system.

The Senate amendments specify that the prohibition does not restrict an association from requiring a member to engage a licensed contractor to install, maintain, or repair a cooling system, except as specified, or from disclosing the existence and responsibilities of a cooling system to prospective buyers of the separate interest.

The Senate amendments, instead, extend the termination date of those provisions to January 1, 2037.

AB 1809, as it passed the Assembly, deleted planning and selection requirements on a school district using modernization projects for job order contracting.

The Senate amendments additionally revise a prohibition on school districts using job order contracting that the school district finds will increase the cost of the project. In this regard, the Senate amendments allow a school district to use job order contracting if there is sufficient documented justification and require the findings regarding costs to be based on criteria and methodology established by the school district. The Senate amendments also delete a requirement for a school district, before issuing a job order, to determine the reasonableness of a contractor's proposed price by comparing the contractor's proposed price to the independent school district estimate.

Specifically, AB 1999, as it passed the Assembly, excluded from that exemption a surgical or dental operation, as specified.

The Senate amendments also exempt from the act an organization accredited by the Association of Zoos and Aquariums and a university, college, or governmental research agency practicing veterinary medicine on an animal owned by that entity, except as specified.

AB 1999, as it passed the Assembly, deleted various provisions regulating the delivery of veterinary medicine via telehealth, as defined, and instead added similar provisions regulating the delivery of veterinary medicine via telemedicine, as defined. Among the deleted provisions, AB 1999, as it passed the Assembly, deleted a restriction on practicing veterinary medicine via telehealth on an animal patient located in this state that required the person to hold a current license to practice medicine in this state.

(Pursuant to Joint Rule 26.5)

AB 2255, as it passed the Assembly, required a candidate controlled committee established for an elective office for the controlling candidate to report specified information about a campaign expenditure on the committee's campaign statement if the candidate will not appear on the ballot at the next election and the committee makes expenditures to a single person exceeding $20,000 in the aggregate during the reporting period. Under those conditions, AB 2255 required the campaign statement to include the full name and street address of the person to whom the expenditures were made that meet or exceed that threshold, the amount of each expenditure, a description of any consideration for which each expenditure was made, and, if applicable, the relationship of the person or reportable subvendor to the candidate, as specified.

The Senate amendments require reporting only if, in addition to these conditions, the committee is not established for the purpose of reelection of the controlling candidate to the same office and the expenditure is made for a purpose other than for a contribution or a credit card payment. Under those conditions, the Senate amendments require the campaign statement to describe the political, legislative, or governmental purpose that is satisfied by the expenditure and, if applicable, whether the person to whom the expenditure was made or a reportable subvendor is an immediate family member of the candidate, a paid member of the candidate's campaign or officeholder staff, or an immediate family member of a paid member of the candidate's campaign or officeholder staff.

Legislative Counsel's Digest

AB 2780 as amended in Senate August 6, 2026

(Pursuant to Joint Rule 26.5)

AB 2780, as it passed the Assembly, made various technical and conforming changes to the State Teachers' Retirement System (STRS) and the County Employees Retirement Law of 1937 (CERL). These changes included, among others, redefining "retired member activities" under STRS to mean all service performed within the California public school system by a member retired for service when the member is employed in specified positions, revising a STRS provision to require diversifying investments of the plan so as to minimize the risk of loss and maximize the rate of return, and redefining "active member" under CERL to specify that it refers to a member in county service, as otherwise defined.

The Senate amendments also authorize a member of the Public Employees' Retirement System (PERS) to receive service credit for public service, not to exceed one year, as a fellow with the California Council on Science and Technology, subject to making the required contributions for that service. The Senate amendments also revise various definitions in PERS, remove obsolete employment classification references, and update classification terms and codes.

Vote: 41. Substantial substantive change: yes.
