The Senate amendments substitute for this provision a revision of an existing authorization, for including in the guidelines incentives for attracting other funds for active transportation projects, to make that authorization a requirement to include those incentives in order to scale funding for larger or network-level active transportation improvements. The Senate amendments make other changes to the selection criteria that the bill, as it passed the Assembly, revised, and add a requirement that a project applicant consult with the executive officer of a transit agency for certain projects.

Aug. 25—In Assembly. Concurrence in Senate amendments pending.

Legislative Counsel's Digest

AB 395 as amended in Senate August 19, 2026
(Pursuant to Joint Rule 26.5)

AB 395, as it passed the Assembly, required, commencing with the 2026–27 school year, the governing board of a school district, a county office of education, or the governing body of a charter school to consider making efforts to avoid scheduling the first day of class and high school graduation, if applicable, on a date for which the governing board or the county office of education knows, or has reason to know, that members of the public would be unable to participate due to the ritual observance of a religious, cultural, or ancestral holiday. AB 395, as it passed the Assembly, also required the governing board or the county office of education, in considering which dates to avoid, to actively seek input from the affected community, as specified.

The Senate amendments would delay the required implementation of these provisions to the 2027–28 school year. The Senate amendments would clarify that the provisions relating to the knowledge of conflicting holidays and the required community input would also apply to the governing body of a charter school.

AB 395, as it passed the Assembly, required, commencing with the 2026–27 academic year, the governing board of a community college and the California State University to make every reasonable effort when developing their academic calendars to avoid calendaring an institutional event on a date for which the institution knows, or has reason to know, that members of the public would be unable to participate due to the ritual observance of a religious, cultural, or ancestral

The Senate amendments would delay the required implementation of these provisions to the 2027–28 academic year. The Senate amendments would instead require, and in the case of the University of California, request, that the institutions make good faith, reasonable efforts when developing their academic calendars to avoid the specified conflicts between institutional events and holidays. The Senate amendments would also authorize a person who has suffered harm as a result of a violation of these provisions to bring a civil action for injunctive relief, as provided.

The Senate amendments additionally revise the existing authority of a local jurisdiction to count compost produced and procured towards its recovered organic waste procurement target from compost operations composting green material, agricultural material, food material, and vegetative food material by replacing the current limit on the total amount of feedstock and compost onsite of 100 cubic yards and 750 square feet with a new limit of 200 cubic yards, or 500 cubic yards for a composing activity owned by a public agency, and authorize that amount to be increased by regulation, as specified.
