RE: Appointment of **Congressman Xavier Becerra** as California Attorney General **(SUPPORT)**

Dear Assemblymember Jones-Sawyer,

Safer California Foundation commends Governor Brown for an excellent nomination for California Attorney General, and strongly urges the legislature to confirm Congressman Xavier Becerra for this position.

We, at the Safer California Foundation financially support and advocate for Public Safety, Crime Victims, and Veterans. One example is the historically successful Proposition 35 in support of stronger laws regarding Human Trafficking. We believe Congressman Becerra shares our values, and will be an excellent choice for Attorney General.

Thank you for considering our view in this matter and again congratulations to Governor Brown on this selection.

Sincerely,
